Three Most Important Things to Remember About the G6

- **Need automation (classified and unclassified) support/assis**
Please call DSN 484-7962 or e-mail: HELPDESK@HQ.21TSC.AR

- **Planning an exercise or a real world operation? Make sure**
involve us early in the planning process.

- **Operation and basic maintenance of user owned IT equipm**
such as secure phones (e.g STE's), etc. is a user responsibilit
your equipment regularly to ensure it works properly. Please
us if you run into a problem you can't correct.
